Diaz Jara David Ariel

Information Systems Analyst
Jr. Full-Stack Developer

THIS IS MY HISTORY:

I was born in La Rioja - Argentina. I am 25 years old and I'm in the process of moving to Asuncion - Paraguay.

I'm a curious, analytic and proactive person who is always looking to grow personally and professionally.

I'm predisposed to learn new things, acquire more knowledge related to my field and to not rest until I dominate all the challenges that could arise, which I consider it's one of my strongest qualities, in addition to my commitment to work.

I like to work alone or with a team, adapting to new situations.
